File Edit Options Buffers Tools Development SLIME REPL Presentations Lisp Trace Help

```
1  ;;;; Welcome to Portacle, the Portable Common Lisp Environment.
2  ;; For information on Portacle and how to use it, please read the website at
3  ;;   https://github.com/Shinmera/portacle
4  ;; or see the *portacle-help* buffer. You can switch to it by pressing this:
5  ;;   Ctrl+h h
6  ;; or by clicking on the *scratch* field below until it changes to read
7  ;; *portacle-help*.
8  ;;
9  ;; You can use this buffer for notes and tinkering with small pieces of code.
